

Science Project Contract

I have read the science fair project information and grade sheet. I am aware that in order to get a top grade on my project I must:

- ◆ plan ahead to do a quality job
- ◆ do original work *(parents and friends may advise and proofread)*
- ◆ pay close attention to details *(includes following the Scientific Method)*
- ◆ follow project criteria
- ◆ turn everything in on time *(no late paper coupons accepted)*

I understand that by following these steps I will be given a top grade and the opportunity to display my project in the Science Fair.

This quarter I have chosen to do the following experiment: _____

The steps I will take to conduct this controlled experiment include *(give specific details)*: _____

Three sources of information I will use include *(give specific titles, web addresses, names, etc.)*: _____

Name of partner if applicable: _____
(partner must turn in separate contract)
